

## OCEAN STARS TRUST AND GLOBAL GOALS

Ocean Stars Trust UK embraces The Global Goals set up five years ago by the UN General Assembly to give our planet a better future with targets and measurement indicators geared toward a date of 2030.

Ocean Stars will be sharing with our supporters some of the goals that we have been working towards. Today it is: **Goal 6: Clean Water and Sanitation**

Here are some of the ways in which we have achieved this goal.

- OST provided every school with a water tank and foot pump sink so that all our students are now available to wash hands especially in the current COVID world.
  - Preschools that have no access to running water have had tube wells provided by OST, so children and the local community have access to running water.
  - Provide every preschool with a toilet.

A dark blue graphic for SDG Goal #6. It features a central circular icon of a water tap with water splashing. Surrounding this icon are several smaller white icons: a circular arrow with a water drop, a wavy line representing water, a single water drop, and a water drop with a circular arrow inside. Below the central icon, the text "Clean water and Sanitation" is written in white, followed by "GOAL #6" in a bold white font.
