James and Aidan are walking 100km from London to Brighton in 30hours or less. We would really appreciate a donation, big or small. We are raising money for Ocean Stars Trust, a charity that helps children and their families rebuild their shattered lives in Sri Lanka. It was originally set up in 2005 in response to the Tsunami so the charity is celebrating its 10th year anniversary! Thank you for donating, the money is going to a great cause.
